PROFESSIONAL SUMMARY

Analytical data and finance professional with experience in NDIS funding, regulatory compliance, and executive reporting. Skilled in SQL, Power BI, and advanced Excel, with a track record of developing financial modeling tools and business intelligence solutions, improving data quality, and delivering actionable business insights to support decision-making in complex environments.

TECHNICAL SKILLS

Analytics & BI	Azure SQL Database • T-SQL • BigQuery • Power BI • Tableau • Power Query ETL pipelines • Data modeling • Dimensional modeling • Excel • Python
Business Systems	Salesforce • Dynamics 365 • HubSpot • Zendesk • ServiceNow • Confluence Jira • Sage Intacct • Xero • MYP

DATA ANALYTICS PROJECTS

- **Customer Retention Analysis (SQL)** — Customer churn and healthcare campaign engagement.
- **NDIS Funding (SQL, Power BI)** — NDIS funding allocation and participant distribution analysis.
- **Red Zone Prediction (Python)** — Predictive modeling of high-risk roads for accident prevention.
- **Mortgage Portfolio Analysis (Tableau)** — Customer tenure and loan repayment risk analysis.

PROFESSIONAL EXPERIENCE

NDIS Funding Officer • Workpower • Osborne Park, WA • June 2023 – Present

- Maintained an industry-leading 99% success rate across 100,000+ NDIS claims by combining financial analysis, compliance evaluation, and funding utilization tracking, while preventing \$300K+ in revenue loss through proactive resolution of funding shortfalls with NDIA stakeholders.
- Enabled standardized quoting and forecasting across 15+ locations by designing scalable financial models, revenue analysis reports, and operational budget templates using advanced Excel and VBA, while optimizing procedures for rostering and regulatory compliance.
- Led the development of the organization's analytics and reporting capability using Azure SQL, Power BI, and ETL pipelines, transforming manual operational data into structured datasets and executive dashboards for KPI tracking, trend analysis, and cross-functional insights.

Customer Funding Team Leader • Activ Foundation • Wembley, WA • Sept 2022 – June 2023

- Supervised a growing team of 10+ Data Management Officers performing financial reconciliations and data audits on NDIS claims for 1,800+ customers. Optimized internal workflows by developing structured claim validation and by providing targeted Excel training to the team.
- Passed multiple audits worth \$3M by analyzing, categorizing, and collating financial records into datasets while ensuring traceability and regulatory compliance across all claim transactions.
- Cleared 2+ years of financial accruals by performing deep-dive financial analysis of customer accounts using Salesforce and Excel (XLOOKUP, PivotTables, conditional formatting), improving cash flow reporting and addressing claiming and compliance issues.

Customer Support and Client Trainer • TAINA Technology • London, UK • Mar 2022 – Aug 2022

- Led Customer Support by fielding Zendesk requests, streamlining workflows, and maintaining industry-leading SLAs to support a client growth of over 50% and maximize retention.
- Delivered product demos and training on FATCA tax form validation using TAINA's SaaS platform for client onboarding, also producing client-facing materials and running weekly internal training.
- Enabled roadmap planning of product development by having meetings with Big Four accounting clients for feedback on product enhancements, issue prioritization, and satisfaction levels.

Customer Operations Specialist • Sutherland Perennials • London, UK • Nov 2020 – Mar 2022

- Contributed to company growth by taking ownership over the administration of projects worth \$1M+ and ensuring accurate order processing and invoicing while addressing production issues.
- Managed customer data, projects, and opportunities using Salesforce to foster further business development while building rapport with major clients and providing excellent customer service.
- Expedited order delivery by resolving logistic issues and handling documentation for production, import & export, and 3rd-party ops, while collaborating with Sales, Production, and Accounting.

Account Coordinator • Wolters Kluwer • London, UK • Jul 2019 – Oct 2020

- Optimized team performance by leading meetings, supervising projects, implementing innovative ways to streamline processes, and assisting with the recruitment and training of staff.
- Attained award-winning client retention and satisfaction KPIs by performing accurate customer data processing, managing account access to SaaS content, improving debt management, and troubleshooting technical issues while collaborating with Sales, Tech Support, and Finance.

Customer Service Representative • DigiOutsource • London, UK • Jan – Jul 2019

- Achieved outstanding KPIs by utilizing Microsoft Dynamics 365 to develop client relationships, process information into relevant databases, and perform customer data and behavior analysis.
- Maximized client satisfaction with the company's SaaS by fielding inquiries by telephone, email, and live chats while taking ownership of all contacts and reporting technical and financial issues.

EDUCATION

Graduate Certificate in Business Analytics • Deakin University • 2026

Attained practical skills in data analysis to gain business and marketing insights, and convey them through storytelling. Applied descriptive and inferential statistics in Excel, data wrangling in SQL, machine learning in Python, and data visualization in Tableau to drive informed business decisions.

Data Analysis Bootcamp • North Metropolitan TAFE • 2025

Gained hands-on experience with SQL and Power BI for data wrangling and visualization, querying relational databases, validating data integrity, and evaluating data ethics compliance.

Certificate IV in Accounting and Bookkeeping • Right Choice Training • 2025

Focused on financial reporting, operational budgets, processing transactions, maintaining ledgers, and using software to ensure compliance with Australian accounting and payroll regulations.

Bachelor of Arts • IULM University • 2017

Graduated with highest honors. Core coursework: Interpreting and Communication. Specialized in English and German. Exchange student at University of Mannheim, Germany in 2015 and 2016.
